

# Greater Goods

Greater Goods is bringing new life to things, people and communities by launching two community-changing organizations in 2025.

We receive donations and volunteers from the community

**Greater Goods Community Center** addresses the **greatest needs of our neighbors:**

- Behavioral Health Services
- Adolescent Anxiety
- Family Disruptions
- Substance Abuse

**How?** By providing quality resources, licensed counselors, group spaces, and a growing network of community partners.

**Greater Goods Thrift Center:**

- Collects high-quality clothes and household goods
- Sells them at fair prices
- Returns the profits back through Greater Goods Community Center

We develop a network of non-profit partners and a culture of generosity
